Questions to Ask Yourself When Deciding if Items are Ready to Consign:

- * Are your items freshly washed and clothing wrinkle-free?
- * Is it outdated? We sell clothes for today's styles, but we do take vintage styles that have fashion appeal! Name Brands in Current Styles Sell Best!
- * Is it stained, torn, have pet hair or fuzzies, or otherwise too worn? We only take gently used or new clothing. If you're unsure of an item, consider whether you would buy something in the same condition.

How to Increase Your Consignor Earnings:

- * All items should come in ready to sell. Shoes should be clean & laced. Watches and Toys should have working batteries. Games, Puzzles and Play Sets should be complete and safely packaged together. Household items should be clean and polished if needed.
- * Items hold more value if you bring them in with their instructions, Certificates of Authenticity, hang tags, or original packaging.
- * Child car seats and booster seats must be no more than 5 years old.
- * We cannot take any item that has been recalled, this is especially important for baby and children's items. We always appreciate your research at <http://www.cpsc.gov/>
- * Small repairs go a long way in preparing an item for consignment.
- * Wash glassware with a little vinegar to add extra brightness & shine!
